HACIENDA CHICUINACO

Our story.

Chicuinaco (Chee quee nacco) is the name that was given to our property by the locals. Its name comes from the indigenous peoples story of a child's tears being cried into the river which runs through it. This property was purchased by Iris' parents many years ago. They built a small house on it and raised cattle. 15 plus years ago, Iris migrated to the U.S. to be more prosperous. (Her parents had lived there for many years already fleeing the wars. In 2021 we came for a visit and we decided it was time to rejuvenate Chicuinaco. We designed Hacienda Chicuinaco and started the process of building it into our dream of a bed and breakfast plus event venue. Three years later, we moved full time to Teotepeque to help finish the house.

We now have a two bedroom suite for up to 6+ to rent to people who want to enjoy the beautiful views of the valley and relax.

RESTAURANTE CHICUINACO

RESTAURANTE CHICUINACO
In early 2024, we built and opened a small restaurant on the lot next to Hacienda Chicuinaco. We promptly started to expand Restaurante Chicuinaco to add more covered seating. It specializes in local dishes with a few American favorites mixed in. With the large covered seating area available it is becoming a meeting place for organizations as well as fiestas. We can comfortably handle up to 100 people in a covered environment. It is open 11 am to 7:30 p.m. daily.
